OBJECTIVE

Aspiring Computer Science Engineering graduate with strong programming skills in C++, Java, MySQL and web technologies. Familiar with computer networks and currently learning data structures and algorithms. Passionate about software development, emerging technologies, and contributing to innovative projects.

SKILLS

- **Programming Languages:** Java, C++
- **Web Technologies:** HTML, CSS, JavaScript, React
- **Database Management:** MySQL
- **Cloud Technologies:** AWS
- **CS Fundamentals:** Computer Networks ,
Data Structures & Algorithms.
- **AI & Modern Dev Tools:** Cursor, Bolt, Kiro,
Google Antigravity

Soft Skills:

- Strong communication, adaptability, problem-solving, and teamwork.

Languages Known to Speak:

- English, Tamil, Urdu and Hindi

INTERNSHIP EXPERIENCE

Research Intern | SRM Group of Institutions

October 2025 – March 2026

- Developed a full-stack PhD Application Management System with role-based dashboards.
- Built a React-TypeScript interface with secure Supabase integration.

IT Intern | Caprics Technologies

June 2025 – July 2025

- Managed backend data and cloud storage operations using AWS on a SaaS platform.
- Performed frontend testing and contributed to UI/UX design using Figma and Canva.

Big Si Bucks Innovation | Front-End Development Intern

June 2025 – July 2025

- Developed the front-end of an Alumni Association Platform using HTML and CSS.
- Created responsive and user-friendly web pages with a focus on design and usability.

PROJECTS

HR Automation Tool | Tech Stack: React.js, TypeScript, Supabase

- Web-based application for pre-boarding and post-boarding, including onboarding, document management, employee records, and workflow automation.

Lost and Found Portal for College Students | Tech Stack: React.js, Node.js, MongoDB

- Created a platform for students to report, search, and track lost or found items within the college campus, enhancing communication and recovery efficiency.

Supermarket Management System | Tech Stack: HTML, CSS, JavaScript

- Developed a system to manage inventory, billing, and customer data efficiently, improving store operations and transaction handling.

CERTIFICATIONS

AWS Cerified Cloud Practioner

- Validated knowledge of AWS cloud concepts and services.

Cisco certifications:

- Basics of Networking and CCNA Certification

NPTEL certifications:

- IoT (Elite+Silver)
- Industry 4.0 IIoT (Elite)
- Privacy Security in Online Social Media (Elite+Silver)

EDUCATION

- **Easwari Engineering College**
B.E Computer Science and Engineering

CGPA: 9.1

2023-2027

- **New Prince Matriculation School**
Class XII

Score: 91.16 %

2022-2023

EXTRA CURRICULAR ACTIVITIES

- Participated in Spell Bee International competitions up to the International Level, securing First Class
- Successfully completed Private Hindi Examinations up to Praveen Uttaraardh level with First Class.
